

Promotional Box Construction • SUPERCRAFT soft-face mallet D50 with break-proof steel tube handle, yellow fluorescent coated and PARAT hammer holder

3377s001

Product Description

The SUPERCRAFT promotional box construction contains not only the non-rebound, yellow fluorescent SUPERCRAFT soft-face mallet, but also the PARAT hammer holder. The non-rebound SUPERCRAFT soft-face mallet with a head diameter of D50mm (Art. 3377.150) is guaranteed to absorb the impact energy with perfect efficiency thanks to its minimised rebound. This makes it possible to deliver very powerful strikes in a way that its gentle on the joints and noise-dampening at the same time. Any risk from metal splinters has been eliminated completely. The replaceable inserts offer outstanding impact qualities and are guaranteed to combine maximum strength with unique durability. The break-proof steel tube handle boasts an ergonomic non-slip rubber grip. The yellow fluorescent powder coating makes it quick and easy to find the soft-face mallet.

The PARAT hammer holder keeps your hands free for the important jobs and the hammer close at hand at all times.
